WELCOME FROM THE MIAMI CHAPTER PRESIDENT

It is with great pleasure that I welcome you to the 42nd Annual Scholarship & Awards Luncheon of the Miami Chapter Black Nurses Association (Miami BNA). It is heartfelt that each of you chose to take this opportunity to share this momentous occasion with us today. This year's theme is ***"Built Environments, Advocacy, and Community Engagement"*** with an emphasis on climate health impacts. This theme is another example of how disproportionately affected people of color are compared to other cultures. For example, air/water quality, respiratory illnesses, extreme heat, flooding, and storms. Communities that are racially, socially, and economically marginalized are impacted to a much greater extent.

The goal of Miami BNA is to continue to provide high-quality healthcare to all, while decreasing health disparities. Our mission remains to support and improve health outcomes in our underserved communities, while continuing to advocate for health care, and providing a vision for the future of the healthcare profession. It is imperative that we continue to have new ideas and insights, which prepares us to be active participants. Every effort is made to provide services, such as health fairs, lectures, educational conferences, and legislative initiatives with our State and Federal Legislators.

At this time, I would like to take this opportunity to personally thank each of you, our members, our Sponsors, and our supporters who have continued their support through the years. To the members, it is a pleasure to serve as your President and humbly thank our Sankofa members who led the way as "Trailblazers"! The caliber of work they have done over the years has always inspired me to mentor the current generation of nurses, and for this I feel honored. Again, I thank you for supporting Black Nurses Association, Miami Chapter in helping us to achieve our Mission to decrease health disparities through advocacy, education, and health promotion. It is my sincere wish that each of you have a joyful celebration today during our 42nd Annual Scholarship & Awards Luncheon.

Sincerely,

Dr. Sharon Rogers, DM (h.c.), MSN Ed, NEC, MSM
President

2ND VICE PRESIDENT'S OCCASION

Dear Esteemed Members, Colleagues, Guests, Family, and Friends,

It is with great pleasure that I welcome you to the Miami Chapter Black Nurses Association, Inc. (Miami-BNA) 42nd Annual Scholarship & Awards Luncheon. The theme for this year's event is ***"Built Environments, Advocacy, and Community*** Engagement" with an emphasis on climate health impacts.

The Miami-BNA has had a significant impact on South Florida's communities, as well as positive collaborations with other organizations. Over the past (41) forty-one years, we have been able to provide scholarships and awards to deserving individuals who have chosen to passionately follow our profession. I salute our President, Patrice Tyson for her vision and guidance that helped make this event possible. I want to acknowledge the Program Committee and all the Miami-BNA members who worked diligently to make this event a success.

Thank you to all of our supporters and community partners who play a valuable role in helping us to accomplish our mission of decreasing healthcare disparities through Advocacy, Education and Health Promotion. Congratulations to the awardees and scholarship recipients. In the past five years, Miami-BNA has awarded over $35,500 in scholarships to students pursuing careers in nursing and we look forward to having many more future applicants and recipients. Please enjoy the Luncheon.

Sincerely,

Retonya Pierre, 2nd Vice President

MISTRESS OF CEREMONY

Dawn Grace-Jones Esq., R.N.

Dawn Grace-Jones is a speaker, author, attorney, and registered nurse who focuses on helping nurses and other medical practitioners reduce their legal liabilities to avoid litigation and reminds them to practice self-care while they take care of others. She is also an 11th Circuit appointed Traffic Hearing Officer, as well as a Magistrate for different municipalities. She has lectured hundreds of healthcare providers at all levels from students to industry professionals over the course of 20 years. Consulting with nurses on different topics such as legal implications while working within the electronic health record, dealing with interpersonal workplace conflict, and managing stress and difficult emotions are her most rewarding tasks.

KEYNOTE SPEAKER

Carol Lindsey, MSN, APRN, FNP-BC, FAANP

Carol Lindsey is a Family Nurse Practitioner. As a Steering Committee member and Co-Advocacy Chair of the Florida Clinicians for Climate Action, she advocates for policies promoting climate, health, and equity. She's also an active member of the Alliance of Nurses for Healthy Environments an organization involved in educating nurses and/or the public regarding the health effects of climate change. Her career includes over forty-years of nursing and public health experience in which she was dedicated to improving the health of underserved and vulnerable populations. Carol also served 30 years as an Active Duty Commissioned Officer in the United States Public Health Service. She is now retired and educating others on climate change and its impact on health, a subject she is very passionate about.

May 20, 2023

Greetings!

I extend my most heartfelt congratulations to the Miami Chapter - Black Nurses Association, Inc. as they host their 42nd Annual Scholarship and Awards Luncheon. I am confident that this year's luncheon under the theme **"Built Environments, Advocacy, and Community Engagement"** will build on the accomplishments of previous years.

Since 1972, the Black Nurses Association has worked tirelessly to provide the support needed for improved healthcare outcomes in our community and has committed to protecting, promoting, and improving the health care of our citizens.

In addition, the Black Nurses Association supports the belief that a more highly educated nursing workforce is critical to meeting the nation's nursing needs and delivering safe effective patient care" as stated by the tri-Council for Nursing in 2010, thus making a significant impact on South Florida's communities.

Best wishes for a successful event.

Sincerely,

Frederica S. Wilson

Greetings:

On behalf of Florida's 25th Congressional District, welcome to the 42nd Annual Black Nurses Association Scholarship and Awards Luncheon.

I am grateful to the fine women and men on the front lines of our health care system. Nurses care for patients at every level—from critical care, chronic disease, to preventative and wellness care. They work in hospitals, doctor's offices, nursing homes, rehabilitation centers, schools and provide in-home care throughout the community. From our elder population, to working men and women, to our children, nurses help my constituents every day.

I am hopeful the good work of nurses will encourage more people to consider this noble profession. It is projected that the need for registered nurses will grow dramatically in the coming years, and we must do all we can to support this vital field.

Thank you for your commitment to keeping our residents healthy and well and for improving the lives of all who live, work, and visit South Florida.

Sincerely,

Debbie Wasserman Schultz
Member of Congress

PROCLAMATION

WHEREAS: The Miami Chapter Black Nurses Association saw its beginnings rise within the dedication and purpose of many black nurses that had a purpose in improving working conditions; patient care; recruitment and retention in schools of nursing; and the advancement of Black Nurses within the community. Black nurses have the understanding, knowledge, interest, concern, and experience to make a meaningful difference in the healthcare status of the African American Community. The Miami Chapter Black Nurses Association has been a consistent model of excellence in The United States of America, in which many individuals have the chance to live with a sense of dignity and hope.

WHEREAS: The dedication over the years from the black nurses all around the city, that have attentiveness to the health needs of African Americans come to conclude with the hopes of implementing change to make available for those African Americans and other minorities.

WHEREAS: I would like to commend the Miami Chapter Black Nurses Association's wonderful all-around team for its hard work during times of doubt but the city of Miami only becomes stronger when challenges present themselves.

THEREFORE, I hold up the Forty Second Annual Scholarship and Awards Luncheon for great recognition, gratitude, and honor throughout the Twentieth Congressional District of Florida.

Congresswoman Sheila Cherfilus-McCormick
